

# TUCKER

SAFETY PRODUCTS INC.

## Ultimate Safety.... Approved for Foodservice

### Maximum Safety

Promote proper use, drive compliance and efficiency, and reduce the risk of cut injuries by ensuring wearers have easy access to cut resistant protective apparel. Our easy to read Safety Station helps keep protective apparel readily available, easy to get to, and organized by size, color or application.

### Maximum Sanitation

Safety Stations are constructed of non-porous, non-corrosive, food-safe materials that can be easily wiped down to maintain cleanliness. Reduce the risk of cross contamination by allowing protective apparel to properly air dry using the the hooks/clips.

### Maximum Service

We design industry-leading products that can be trusted and that offer effective personal protection against burns or cuts throughout foodservice operations. We offer a one-year warranty against manufacturer's defects. If our customers are not 100% satisfied, we will work with them until they are.

### Maximum Savings

Safety Stations are made of durable, long-lasting, food-safe material and save time for wearers by keeping protective apparel organized, accessible, and centrally located. Keeping protective apparel in one place saves money by preventing unnecessary orders for replacement product because it is easier to determine if product is missing or simply needs replacement.
