

FOOD CONTACT SANITIZING WIPES

SANITIZING WIPES THAT DON'T REQUIRE POTABLE WATER

Homes / Restaurants / Cafeterias / Bars & Taverns / Institutional Kitchens
Dining Rooms

- Cleared by the EPA for use on food contact surfaces without a rinse after sanitization.
- Safe for customers and staff.
- More effective, efficient and costs less than sprays and towels.
- Convenient sized dispensers for easy placement encourages use, keeping critical areas clean and sanitized.
