Item # _____

Job _____
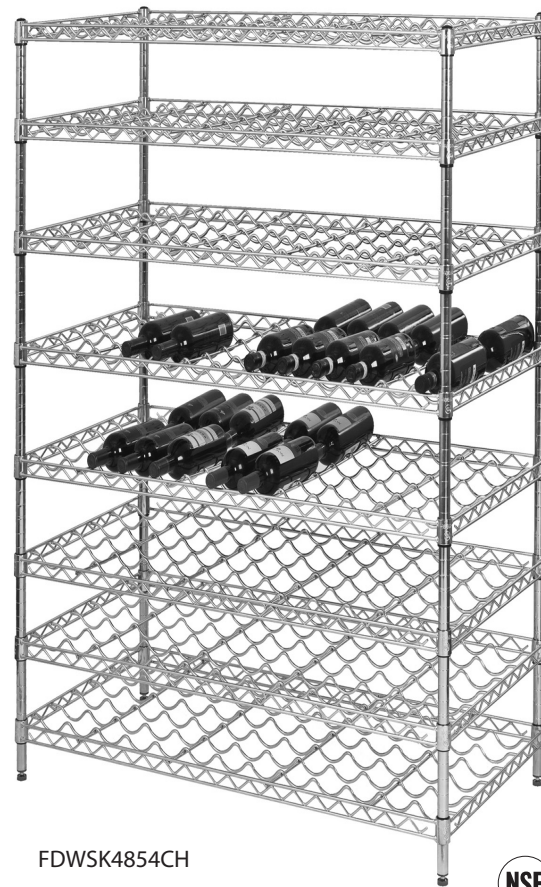

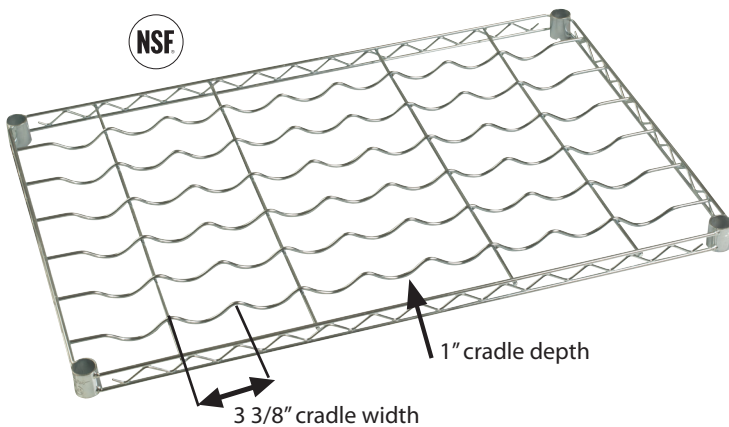

WIRE WINE SHELVING AND SHELF KITS

- **Design:** The open wire construction keeps bottles and labels highly visible for easy reading. Available in black epoxy or chromate finish. Black epoxy shelves have zinc under plating so they can be used in a cooler.

- **Capacity:** The double wine shelves provide twice the capacity as the single shelves in 15% less space. Double wine shelves can also be used with 24" x 36" (61.0 x 91.4 cm) and 24" x 48" (61.0 x 122.0 cm) security cages.

- **Cradles:** Each bottle is individually supported by a wire cradle so they will not bump each other. Each wine bottle cradle measures 3 3/8" (8.6 cm) wide and 1" (2.5 cm) at deepest point.
